

The **Lynn Blake Certified Instructor Program** offers professional golf instructors comprehensive training in precision golf stroke mechanics, their variations, and how they are best learned. Also, the program stresses the mental techniques and programming necessary to achieve peak performance.

The program consists of four levels:

- **Lynn Blake Certified *Associate***

- **Lynn Blake Certified *Instructor***

- **Lynn Blake Certified *Senior Instructor***

- **Lynn Blake Certified *Master Instructor***

Each level is progressive and more challenging. **Associate** status requires only that the candidate enroll in the program and satisfy the admission requirements. The candidate must be engaged as a golf instructor in at least a portion of his or her overall duties.

Instructor

status requires successful completion of a two-day, on-site Workshop under the direction of a designated Lynn Blake Certified Senior or Master Instructor. This training may be supplemented with on-line training.

Senior Instructor

status requires even more in-depth academic training, plus extensive training in teaching techniques and hands-on work with students in our national golf schools. The

Master Instructor

designation is reserved for those who have demonstrated the highest levels of proficiency in both the academic and teaching phases of our training.

Status at each level is rewarded with a Certificate of Achievement, together with all its rights and privileges. Benefits include:

1. Member Only access to a wide variety of educational materials, including videos, audios, webinars, training articles, blog posts, and open forums.
2. Member Only access to professionally-designed marketing and brand identity materials. Also, a private design service to establish the instructor's own brand and integrate it with LBCI.
3. Senior and Master Instructors approved to conduct Instructor and Senior Instructor training have full access to all LBCI training materials, including PowerPoint or Keynote slide presentations and all course manuals and materials.
4. Member listing and promotion on www.lynnblakegolf.com .
5. Discounted pricing on Lynn Blake Certified Instructor products and services.

Active status requires an originating Lynn Blake Certified Instructor Agreement, submission of an annual information form, and payment of a modest annual fee.
